

Archer High School Baseball

2255 New Hope Road Lawrenceville, GA 30045

Dear Business Owner,

Archer High School is a new high school facility in Gwinnett county . We are striving to raise money to complete our baseball facility. As of right now, we have only the field and fence the county provided. In our first year 2010 we were able to raise enough money to provide our players with dugouts for the 2011 season. We are proud to announce that the dugouts are complete just in time for the season to kick off. However , we still have a long way to go. Our facility is still in need of rest-rooms, locker room, hitting facility and a press box/concessions building.. This can only be done with help, your help. The cost is a considerable amount, upwards of \$250,000 . Our Baseball Booster Club is doing all it can do and with great commitment running many different fundraisers within the community to raise the funds needed.

The student athletes deserve to have a safe facility of their own to build a program made of pride and tradition.

We are asking for any assistance you might be able to provide. Do you have a program that can help support and give sponsorship of any kind? We need any support you can offer ,be it funds, construction supplies, equipment, labor or fundraising possibilities. In these tough economic times every penny helps complete these community projects. That is why we are calling upon you and your company. This is a great cause and we trust that you will see it needs attention from businesses like yourself and you will recognize this as an opportunity to assist in building a facility these student athletes and the community can be proud of for generations to come.

Please feel free to contact our Booster Club Vice-president, Marcey Williams , with any questions or donations your company may offer. Also, we invite you to visit our school website to see first hand the school of excellence you will be assisting. Thank you in advance for your time and generosity.

Sincerely,
Archer Dugout Club

Marcey Williams
